Overview

The view consists in 3 zones :

1. The list of key business elements

- The blue bar identify the selected element
- Click on the name of the element to select it
- Elements are sorted by priority
- The view displays elements with a Priority of 3 and above
 - 3 => 1 star
 - 4 => 2 stars
 - 5 = 3 stars

2. The 3D view

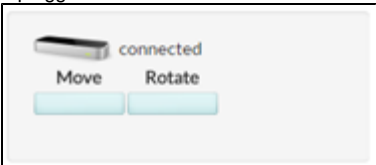

- The 3D tree of the selected Element dependency.
- By default, you can use the mouse to manipulate the view :
 - The double click will zoom and center the view on the selected element. A blue box will surround this element.
 - Maintain the left mouse button pressed and move the mouse to make a rotation of the tree around the selected element
 - Maintain the right mouse button pressed to shift the tree in the 4 directions

3. The presence of a leap motion device

- You will be able to manipulate the 3D view with your hands
- If not plugged:

- If plugged:

- See www.leapmotion.com
