

Overview

Cette liste présente les éléments nécessitant d'être réglés.

The screenshot shows the Shinken Enterprise web interface. At the top, there's a navigation bar with 'Hive', 'Lists', and 'Wall' tabs. Below this is a table with columns: Icon, Type, Host, Check, Priority, Tags, Managed By, Context, Status, and Output. The table lists various hosts and checks, many of which are in a 'DOWN' or 'CRITICAL' state. The 'Status' column uses colored icons (red for DOWN, yellow for CRITICAL) and text labels. The 'Output' column provides details on the errors or warnings.
