

# Overview

Cette liste présente les éléments nécessitant d'être réglés.

The screenshot displays the Shinken Enterprise monitoring interface. The top navigation bar includes the Shinken logo, a home button, and tabs for 'Hive', 'Lists', and 'Wall'. A user profile 'admin' is visible in the top right. Below the navigation is a table with columns: Icon, Type, Host, Check, Priority, Tags, Managed By, Context, Status, and Output. The table lists various hosts and checks, many of which are in a 'DOWN' or 'CRITICAL' state. The 'Status' column uses colored icons: a red 'X' for DOWN and a red circle with a white 'X' for CRITICAL. The 'Priority' column uses star icons (☆☆☆☆) and a 'FLAPPING' icon. The 'Output' column provides detailed error messages for each issue.
